#### Matrix Advertising Boards

Axent manufacture electronic matrix boards designed to lift the profile of advertisements; everything from single line displays to large high intensity displays in full color. Products are available in a variety of sizes and line configurations and can be placed outdoors for essential information viewing.

#### Venue Session Displays

Axent's indoor session displays have a vast number of performance features, such as the sessions seating capacity with an easily programmable threshold, allowing the viewer instant seating updates. Axent also manufactures convenient aisle numbers. These bright and highly visible numbers are the easiest way to ensure the viewers experience is a professional and trouble free one.

#### Industrial Information Systems

We recognize that with many manufacturing companies, information on production output is crucial to corporate decision making. To help co-ordinate and improve critical communication, Axent Global have developed a range of unique electronic information systems.
