

## 8. LED Lighting Product Catalogue

Axent offers a wide range of indoor and outdoor LED Lighting products which we can supply and install as required.

LED Lighting is commonly used for illuminating buildings and sculptures, special effects in clubs, bars & restaurants, but can also be used to replace current incandescent bulbs and fluorescent tubes seen in homes, offices, factories, roads and arenas.

LED Lighting is not only of higher quality than conventional lighting, it also uses much less energy making it the world's most environmentally friendly lighting today!

Take a look at our current range of LED Lighting products available throughout this brochure or visit our website ([axent.com.au](http://axent.com.au)) to download specification sheets for a specific product/model.
