- Storage efficient tr-streaming: Dual MPEG-4 & M-JPEG simultaneously
- Power over ethernet (IEEE 802.3af compliant)
- Direct iSCSI recording
- Hybrid IP camera with analog and ethernet outputs
- Ultra-compact size

## Overview

Dinion XF Day/Night IP cameras are modern, hybrid systems that support legacy-direct analog output, as well as modern network delivery. They can stream video simultaneously on both channels. Equipped with 15-bit DSP with XF-dynamic, they have an extended dynamic range for sharper, more detailed images with outstanding color reproduction. Supporting the award-winning Dinion XF digital imaging technology, they provide proven, dependable service for the most demanding security and surveillance requirements.

*Axent can supply and install these products.*
