PRODUCT SPECIFICATION SHEET (AX-BUWF0204)

LED BULB, WAVE STYLE

Product Key Features

- Input Voltage: AC 100V~240V 50/60Hz
- Power: 1.6W
- LED Quantity: 3PCS
- Luminous Flux: 240lm
- LED Colour: W (R/G/B/Y)
- CT: 2700K/5000K/8000K
- Operating temperature: -20° ~40°C
- Humidity: 10-90%
- Lamp Base: E27
- Material: Die-casting aluminium

Overview

Axent's range of LED bulbs and spot lights range from small indoor bulbs suitable for kitchens, bedrooms, hallways and lounge rooms through to spot lights more applicable to factories, offices, outdoor awnings, garages and balconies.

Our LED bulbs & spot lights are constructed from die-cast aluminium and are available in silver, gold or silver grey housing with a standard but unique large globe area for effective heat dissipation.

Axent globes and spot lights have a 93% transparency lens and adjustable beam angle.

Bulbs and spot lights are available in cascade and wave styles.
